

TAIEX Study Visit on Food Hygiene Regulation

organised in co-operation with the Federal Ministry of Food and Agriculture of Germany

Venue :

Berlin, Hamburg

10 - 14 July 2017

Beneficiary :

Tunisia

AGR IND/STUD 64157

Aim of the visit :

The main aim is to inform the Tunisian officials from the Ministry of Health on the key principles of the EU food hygiene and control regulations, with the final objective of improving their skills in managing food hygiene related risks for consumer health.

The host institution will elaborate on the European food safety system including the main legislative framework (EU General Food Law, zoonosis directive and regulation on microbiological criteria) and will provide the German example in implementing the legal provisions at the FBOs level.

Specific attention will be dedicated to:

- Risk Assessment, Risk Management, Microbiological Criteria and Codes of Hygienic Practices in production of food commodities,
- Investigation of food outbreak empoisoning
- Role of laboratory in risk management.

A site visit will be organised to check the implementation of EU standards in food hygiene in a slaughter and processing plant for poultry
